PRESIDENTS REPORT

The club has had talks with the tennis club about combining our efforts to secure the back room to set our clubs in, unfortunately the tennis have decided they want to keep doing their own thing.

Myself and the rest of the committee will still be pursuing the C.O.W about this.

I've been impressed with the turn outs on Friday nights over the last month, hopefully we can keep building on it.

I would also like to welcome Guy to the club. It was good to see a great turn out for the fishing comp and there was some nice King George caught. It will be interesting to see who won the men's section.

I hope everyone has a fat time down at Navarino.

I hope this finds all our club members in good health.

Regards Kevin Moss

WELCOME TO NEW MEMBERS

Jock & Janine , Guy Little, Paul & Sandy Saunders & family.

Lake Navarino

Once again club visited Lake Navarino for a fun weekend. We had 19 adult and 2 juniors members. Again Des dominated showing his skill and bagged 5 trout. Way to go Des you always show Peter Nelson and the rest of the club how to fish. We so respect you Des. We thank you for making Richard Lee go for a dip to recover a fish.

Happy and safe fishing.

FRIDAY NIGHTS @ THE CLUB

Angling & Sports Hamburger Night 3rd Friday of each month.

1st Friday of each month BYO BBQ pack, club will supply bread & salad.

Rocks Surf Club.**

NEW EPIRB LAWS

All skippers navigating more than two nautical miles off the metropolitan coast will need an EPIRB from January 2014.

Dept. Transport Marine Safety advise the metropolitan EPIRB Exempt Zone extending from Garden Island to Mindarie Keys and out to Rottnest would be abolished.

From January 1st 2014 new consistent State-wide marine laws would require skippers throughout WA to carry an EPIRB when operating more than two nautical miles from the coast or more than 400 metres from an Island located more than two nautical miles from the mainland shore.

Last month the club was invited to an information seminar run by the Department of Racing, Gaming and Liquor. The aim of the seminar was to bring clubs up to date with recent changes in Liquor Licensing Laws and Procedures. The seminar was very informative and overall your club is abreast of the changes but the following points were suggested be reinforced and all members made aware of their responsibilities-

1. Only members who have completed the "Responsible Service of Alcohol" course are permitted to serve alcohol to other members or guests.
2. At all times adherence to our House Management Policies must be maintained. The policy is included for your information.
3. Appropriate signage of a liquor license being operated on the premises and who approved managers are must be displayed near premises entry. This has now been attended to.
4. Our license does not permit sale of takeaway liquor. All liquor sold must be consumed on the premises within our licensed areas and license operating times.
5. The main hall we use and the adjacent enclosed verandah/bbq area are licensed by the club and liquor can be supplied and consumed in either area.
6. However the area adjacent to the main front entry of Gumblossom Hall is **not** licensed and members in possession of liquor in this area risk being fined by Police or Liquor Enforcement Officers. Additionally members actions would reflect badly on the club and may have an adverse effect such as making for increased licensing inspections to ensure compliance or additional conditions being placed on our license.

I think you will agree these points are basic commonsense and easily complied with. If you have any queries or would like to assist behind the bar please contact me and I will point you in the right direction to complete the RSA course, the club picks up the course costs so only a bit of time is needed to complete the on-line course.

Richard

HOUSE MANAGEMENT POLICY

The Quinns Rocks Fishing Club is committed to minimising liquor related harm to our customers by adoption of harm minimisation strategies.

Our policy is to serve customers in a friendly, responsible and professional manner. Bar Staff volunteers will not serve liquor to person under 18 year of age or persons who appear to be intoxicated.

MANAGEMENT PLAN

Management will treat all customer complaints seriously, making every effort to resolve complaints satisfactorily.

Management will provide a working environment that is safe for bar staff volunteers and is safe and enjoyable for our customers.

Management will refuse entry and service to intoxicated persons.

Bar staff volunteers will not serve persons under 18 years of age or permit consumption by persons approaching intoxication

We will provide water free of charge and offer food for purchase to customers to avoid intoxication.

We will provide a telephone at no cost to customers to arrange alternate transport and a safe departure from our premises.

Management will encourage customers to respect the rights of nearby residents and not to cause a disturbance when leaving our premises.

Management will ensure the control of liquor being brought into and carried away from our premises.
